

DSH-3100

MONITORING HEADPHONES

Product Features:

- ▶ Noble and elegant professional design, portable and durable;
- ▶ Precise closed cavity structure, with high quality sound;
- ▶ High quality aluminum ear-shell cover, beautiful and has a better sound isolation effect;
- ▶ High quality stainless steel telescopic arms with scale, easy to adjust distance;
- ▶ Manganese steel framework, well-adjusted flexibility, suitable pressure;
- ▶ High quality sewing leather earpads with ultra-soft memory foam, comfortable for long time wearing;
- ▶ Newest 50mm neodymium magnet driver, provides a wider dynamic range;
- ▶ The special diaphragm realizes transparent sound and low distortion;
- ▶ Utilize efficient NdFeB magnet system, perfect instant dynamic response;
- ▶ 180° rotatable frame, easy for single ear monitoring;
- ▶ Single-sided OFC cable duct with strong signal, easy in use and low noise;
- ▶ Screw-on jack connection design is durable and can avoid poor contact phenomenon effectively;
- ▶ Suitable for appreciating music, webcasting, watching movies, playing games, instrument recording and other monitoring occasions.

Specifications:

Type: closed
Speaker: $\Phi 50\text{mm}$
Impedance: 32Ω
Sensitivity: $100\pm 3\text{dB}$
Frequency Response: 10Hz-32KHz
Rating Power: 400mW
Max. Power: 1500mW
Cable Length: about 3 M
Plug: $\Phi 3.5\text{mm} + \Phi 6.3\text{mm}$
Weight: 295g

Standard Packing:

DSH-3100: 1pc
6.3 mm adaptor plug: 1pc
Color paper box+ inner paper shelf: 1set
